Hope of Sabha-Mandap Dispute Settlement

Free And Frank Talks In Search For Peace

LEADERS' APPEAL TO WARRING SECTIONS

Preserve Fair Name Of City By Restoring Cordial Relations

A joint appeal imploring the citizens of Bombay to do their best to maintain the harmonious relations existing between the Hindus and the Muslims, has been issued by prominent leaders of both the communities after prolonged and heart to heart talks between leaders of both the communities.

Though details of the talks are not revealed, it is generally presumed that the appeal is a prelude to the announcement of a satisfactory settlement of the unfortunate dispute which has assumed tragic proportions.

LEADERS' APPEAL

Following is the text of the appeal issued over the signatures of both, Hindu and Muslim leaders, who met at the office of Mr. Mathradas Vissanji:—

"A conference of the undersigned members of the Hindu and the Muslim communities was held at the office of Mr. Mathradas Vissanji this evening to consider what steps should be taken to put an early end to the unfortunate and tragic situation prevailing in the City of Bombay at present.

HOPE OF SETTLEMENT

"A free and frank discussion took place which, it is hoped, will lead to a satisfactory result.

"In the meantime, we earnestly appeal to our Hindu and Mahomedan brethren to preserve the fair name of the City by maintaining peaceful and harmonious relations with one another, which will go a long way to help us in our efforts to find a satisfactory solution."

"ALL QUIET" SIGNAL FROM STORM CENTRES

The rioting on Friday took a toll of fifteen killed and 145 injured upto midnight. The skirmishes were mostly at Dongri; Chinchpokli Road; Kamatipura 5th and 6th lanes and round about Masjid Bunder Road.

A feature of the rioting on Friday was the restoring to the looting of shops belonging to Muslims in the Hindu areas and shops of Hindus in the Muslim areas. Five shops in Girgaum; Kalbadevi and at Kandewadi were broken into and two hand carts were set on fire.

"ALL QUIET" SIGNAL

The Police were called upon to resort to firing on five occasions principally at Kamatipura 13th and 6th lanes and also at Chakla Street.

Soon after midnight the Curfew Order which was being strictly enforced had its effect and the "all quiet" signal was given from the most turbulent centres,—Byculla; Agripada; Kamatipur; Dongre and Maharbhowrie sections.

The Cinemas and all places of amusement in the area where the Curfew Order was being enforced shut down for the night after the evening shows.

It is understood that special arrangements have been made by the Police for the funeral processions of the Mahomedans and Hindus. All Muslim funerals will be permitted to pass along Mahomed Ali Road and through Carnac Road to Sonapur, while those of the Hindus would be carried along Thakurdwar Road, Girgaum Road and on to Sonapur.

SEARCH FOR PEACE.

The situation at present although reported to be quiet is still causing considerable anxiety to the leaders of both the communities and ways and means are being explored to end this bloody strife in which many innocent persons have lost their lives and over 300 have been seriously injured since the commencement of the rioting on Thursday.

It is reported that the Military, although in readiness, will not be called out at present, as the Police have the situation well in hand. Should events to-day (Saturday) prove a repetition of the scenes enacted last evening, when shops of Hindus and Muslims were broken into, then in that event the

Police Chief Confronts Jawahar With State Ban

INTERESTING INCIDENT IN PUDUKOTTAH

MANNARGADI, Oct. 16.

It is reported that, while the Pandit was passing through Pudukottah State *en route* to Trichinopoly yesterday, the State authorities prohibited any reception being accorded to him.

Elaborate police and military arrangements were made throughout the route in the State and the Pandit was directed to pass by the shortest route to Trichy without passing through the streets in the State.—A. P.

"YOU CANNOT STOP ME"

MADRAS, Oct. 16.

The Hindu's Pudukottah correspondent reports:

On Pandit Nehru reaching the Pudukottah town limits he was directed to pass by the shortest route without passing through the streets of the town. As a large crowd had gathered at the Thirumayam toll-gate, the Pandit stopped his car. Immediately a Sergeant told him that the car should not be stopped.

The Pandit replied: "You cannot stop me. You cannot prevent me from talking to friends." So saying he got down from the car and said that he would walk through the streets of Pudukottah.

The Police Superintendent showed him an order prohibiting his entry into the streets of the municipality.

At the Trichinopoly toll-gate Pandit Nehru was told that several people desired to garland him, but were not permitted to do so. The Pandit said: "I have plenty of garlands. Don't worry".

While the conversation was proceeding, the Police Inspector objected to people talking to the Pandit. The Pandit got out of the car saying that he was going to talk with friends at Pudukottah for ten minutes if he could and nobody could prevent him.—A. P.

TRICHY WELCOMES CONGRESS PRESIDENT

Jawahar Explains Why Disciplinary Action Was Taken

TRICHINOPOLY, Oct. 16.

Trichinopoly accorded a magnificent reception to Pandit Jawaharlal Nehru on arrival from Karaikudi this morning at 10. At a huge public meeting, held after a procession, Pandit Jawaharlal was presented with addresses on behalf of 36 institutions.

In the course of his reply Pandit Jawaharlal referred to the recent Municipal Chairman election tangle and said that it was desirable to take the public into confidence in the matter. Something seemed wrong in the choice of candidates or in people being pushed forward into the Congress in representative capacity when they had no sense of discipline and perspective.

One reason to the Congress President's mind was that they had begun to function in much more authoritarian manner and in much less democratic way. Another was perhaps the result of certain loseness in choosing representatives and candidates.

LARGER LOYALTIES

When the matter came up before them, continued Pandit Jawaharlal, there was no doubt that there was most scandalous exhibition of indiscipline whatever the reasons be, and if this was tolerated for any reasons, Congress discipline would be over. It was inevitable from the Trichinopoly point of view that indiscipline should be condemned and it was more inevitable from the All-India point of view. So they had to condemn the action of certain Congressmen and they did so. They should not forget larger loyalties in small issues of the moment.

As regards declining to receive a Municipal address Panditji asked:

"How can the President of the Congress accept an address from one who has defied the Congress orders? I thereby did not intend any insult to the citizens. Whatever I may be in my personal capacity, I carry about me some dignity as the Congress President (cheers) and I am not in the habit of forgetting it."—United Press.

IN TRICHY VILLAGES

MANNARGUDI, Oct. 16.

Pandit Jawaharlal Nehru visited a number of villages in Trichy District. He reached Tanjore today and received the Municipal and District Board addresses.

An interesting incident took place at Nidamangalam where a Congress worker disappointed at the Pandit cancelling his visit to his village tried to persuade the Pandit to visit the same. But the Congress President was firm, whereupon the man, saying that he would lose his life instead of returning unsuccessfully, lay across the road before the Pandit's car. The Pandit jumped down from his car and drew the man up and rebuked him. The man apologised.—A.P.

NORWEGIAN STEAMER CHARTERED

Munitions From Moscow: Money From Holland

CABALLERO MAKES SUPREME EFFORT TO DEFEND MADRID

LONDON, Oct. 16.

The Soviet Press clamours for immediate intervention, while it is reported from Oslo that a Norwegian steamer has been chartered to convey arms and munitions to Spain.

The Norwegian Foreign Minister has declared that Norway has been loyally observing the non-intervention, but there is no legal right to intervene in the case of a Norwegian steamer carrying arms on behalf of another country.

Dutch revolutionaries have sent envoy to Barcelona with money to aid Government troops.—Reuter.

SUPREME EFFORT TO DEFEND MADRID

LONDON, Oct. 16.

News from Madrid indicates that the Government is making supreme effort to oppose the insurgents' advance on the Capital. Sr. Caballero has been appointed Supreme Head of all armed forces and a War Commission has been created for the control of armed forces and for maintaining *liaison* between the fighting masses and the Military Command.—Reuter.

SWEEPING ADVANCE CLAIMED

SEVILLE, Oct. 16.

A broadcast claims sweeping advance on the thirty-mile front from the west.

A column is closing on Navalcarnero, 25 miles from Madrid.

Another column belonging to Gen. Mola has taken Robledo, 9 miles south-west of Escurial.

On the Toledo front an aeroplane was brought down and a Yugoslav pilot was taken prisoner.—Reuter.

PALESTINE RETURNS TO NORMAL

JERUSALEM: Oct. 16.

The "armistice" declared by military authorities after the termination of the Strike expired to-day, and it is anticipated that the further defensive measures will be withdrawn. But army's plans have not yet been divulged.

Meantime, Palestine has once more resumed the peaceful aspect and crowds on highways had revived the traffic problem. Masons' mallets are resounding in Jerusalem as workmen diligently make up the lost time, while peasants are picking olives, grapes or attending to harvest. Amid all these factors, the past have been completely submerged and a large army, amid these peaceful scenes, seems incongruous.

Military lorries are now packed with soldiers going to swim or play football instead of on patrol and soldiers' relations with the Arabs are now most friendly. It is learned that the General Staff is now considering the possibility of continuing here the Sussex Manoeuvres which were interrupted by the emergency call to Palestine.—Reuter.

STILL KEPT IN CELLS

Plight Of Jhabua State Undertrials

The General Secretary of the A. I. S. P. Conference writes:—

The under-trials in Jhabua having been provided materials for reading and writing newspapers and proper sleeping accommodation, they have resumed taking fruits and milk. They have not yet reached the state of taking cooked food. They are still kept in separate cells.

Inspite of all the persuasion from their near relations Seths Sobhagmaljee and Vardhichandjee have expressed their determination not to take any part in the Court proceedings. They are going to move the higher authorities to revise their decision on their application to transfer the case to a special tribunal. If it is allowed, they will make their defence otherwise they are not going to take any part in the Court proceedings.

8. BRIEF PARTICULARS OF THE CITY OF RANGOON.

The City of Rangoon has grown steadily during the last half century and at present occupies an important place as the capital and principal Port through which the major part of the trade of Burma passes. Its development has been remarkable even during the period of trade depression; and the area within Municipal limits has increased from 17 sq. miles to 32 sq. miles while the resident population has risen from 210,000 to over 400,000.

The financial position of the Municipal Corporation of the City of Rangoon is such that present revenues are sufficient to meet the interest charges both on this and all existing loans without increased taxation.

The City of Rangoon Municipal Act provides that due provision for repayment of loans shall be a first charge upon the Municipal Fund.

The annual Loan charges payable on all the Municipal Loans (including the present issue) will amount to Rs. 23,18,613.

The annual average Municipal Fund Revenue of the past three years is Rs. 89,51,700.

The Loan charges, i.e., interest and loan repayment charges on all other loans and on the present issue are therefore covered nearly four times over without resort to increased taxation.

Rates of property taxes have remained unaltered for over 20 years.

During the current year two loans amounting in all to Rs. 9,14,000 have been repaid, and Rangoon Municipal debentures amounting to Rs. 28,15,500 previously purchased in the open market have been cancelled.

9. BROKERAGE of four annas per Rs. 100 (face value) will be paid to recognised bankers and brokers on allotments made in respect of applications bearing their stamp.

10. PROSPECTUSES can be obtained at all offices of the Imperial Bank of India: at Messrs. Place, Siddons and Gough, 6 Lyons Range, Calcutta; and at the office of the Chief Accountant, Town Hall, Municipal Corporation, Rangoon.

BY Order,
U SET.
Municipal Commissioner,

BARBERS WIN IN END

Caste Hindus Lose Case For Land Possession In High Court

MADRAS, (By Mail).

Mr. Justice Burn and Mr. Justice Lakshmana Rao, delivered judgment in a Letters Patent Appeal preferred by the representatives of the high class Hindu Mahajanams of Shermadevi, Tinnevelly District, against the order of Mr. Justice Madhavan Nair, dismissing the suit brought by them against the barbers of the village collectively for the recovery of certain items of land.

Plaintiffs allege that the lands were given as "sarva inam" to the mahajanams more than 125 years ago by the then Government for the 'sellivritti service'; that the British Government confirmed the said grant and transferred the lands into ayan ryotwari, which was distributed by the plaintiffs among the barbers of the village for their service. As the defendants refused to render cremation service, plaintiffs now sued to recover the said lands.

The defendants contended that the plaintiffs had no manner of right in the lands and there was no connection between the land and the 'sellivritti service,' which did not include cremation service but merely services of shaving and supplying pachilai.

The District Munsiff of Ambasamudram dismissed the suit. On appeal, the District Judge of Tinnevelly reversed the findings of the Lower Court and decreed the suit. In second appeal, Mr. Justice Madhavan Nair set aside the judgment and decree of the Lower Appellate Court and dismissed the suit. Against this the present Letters Patent Appeal dismissed was filed.

Appeal Dismissed

It was contended by the appellant that the High Court had no jurisdiction to interfere with a question of fact.

Their Lordships in dismissing the Letters Patent appeal held that it was well settled that absence or misreading of evidence and construction of documents which were instruments of title or otherwise the foundation of rights claimed by the parties were questions of law.

In the present case the original grant was not produced and the confirmation of the said grants by the present Government would be the real ground for the foundation of right and its construction would be a question of law. The Second Appellate Court had had therefore, jurisdiction to upset the finding of the District Judge on the question of title. Even otherwise the barbers were in possession of the suit lands from time immemorial.

Lawn Tennis Ranking Fiasco

(By "LOOKER-ON")

Since writing last week on the ranking of women players, the Ranking Committee of the A. I. L. T. A. has issued the following ranking list for the season 1935-36:—

(1) S. L. R. Sawhney, (2) Sohan Lal, (3) Ghans Mahomed, (4) B. T. Blake, (5) E. V. Bobb, (6) J. Kaul, (7) N. Krishnaswamy, (8) H. L. Soni, (9) S. Singh, and (10) S. A. Azim, D. A. Hodges and W. H. S. Michelmore.

In explaining the basis of their selections the Ranking Committee says: "Owing to the fact that only a few players met with the requirement of playing in two of the five tournaments specified at the meeting of the Council in December 1935, the President of the Association sanctioned the request of the Ranking Committee to ignore this requirement where necessary. This also applied to the ranking of women players."

MINIMUM QUALIFICATION

As will be seen from above, the Council of the A. I. L. T. A. decided in December last that the minimum qualification for ranking would be participation in two of the five principal tournaments in the country, namely, the All-India, the East, West, South and the Punjab championships. They deliberately left out of consideration several other major tournaments, like the Bombay Presidency, Sind, U. P., Bengal and Madras championships. Now the Ranking Committee finds that several of the leading players have not fulfilled the minimum qualification. They are in a fix. If they are to obey the direction given by the Council of the A. I. L. T. A. they would have to leave those players out of the lists. Logical though it might be, it would not be a correct or complete list. So they applied to the President of the Association to allow them to make up the list as they pleased, to which request the Yuvaraj of Pithapuram readily acceded.

WANTED LIGHT

With due respect to the collective wisdom of Gupta, Bhalla, Rose, Prasad and Brooke Edwards who form the Ranking Committee, I must say that the method of their selection is as arbitrary as it is farcical. In no country in the world are selections made in the way they have done. It would be interesting to know by what process they have eliminated Ranbir Singh (Kapurthala), J. Charanjiva, D. N. Capoor, and Islam Ahmed who figured in last list from the new one. And on what basis they have placed the players in the new list in the order mentioned above. One would also like to know why Madan Mohan who gave such a wonderful display against Roderich Mengel, the Czecho-Slovakian Ace, is not seen in it at all.

LEELA'S ACHIEVEMENTS

While withholding my comments on the order of the above list for the present, I have to bring to the notice of the public some of the outstanding performances of Leela Row who has been ranked third this year. During the latter half of last year Leela beat Mme. Henrotin, then ranked No. 2 in France, 6—4, 6—4 at Roland Garros in the championships of Paris; and Dorothy Andras, then ranked No. 4 in America 6—1, 6—3, on Queen's Grass Courts. Among her other victims were some of the leading players of England, Notably, Joan Riddley, Freda Scott, Joan Ingram, and Misses E. H. Harvey and P. G. Baazely. Anybody with such a fine record deserved better consideration at the hands of the Ranking Committee than they have vouchsafed her.

PERRY'S RESOLVE

After winning the American Singles Championship for the third time which is a record for a foreign player, Fred Perry, the reigning sovereign of Wimbledon, is reported to have declared that for the sake of his health he was not going to play any more tennis. All that he might do was to play in the Davis Cup. All those who realise the tremendous strain, both physical and mental, which constant tournament play puts on a player, would readily support Perry's decision. The sad fate of Jiro Satoh, the Japanese Ace, still haunts everybody's mind. Fortunately Perry's physical and mental resources are great and he may still be persuaded to defend his world title again. But there is a limit to everything and I should not be surprised if Perry retires from the field much earlier than people expect. At the same time, efforts are being made to draw him into the professional fold by offering him stupendous baits. I wonder if he would succumb to them at last!

CRICKET UMPIRES

Since the Board of Cricket Control announced the appointment of the Umpires Committee, there has been a good deal of flutter among the local umpires. They are anxious to know if umpires of the stamp and experience of Birtwistle, V. S. Dongre, Wali Ahmed and D. K. Naik would be called up for examination by a Board whose own knowledge of the business is unknown to the general public. I hope the Board will have some sense of proportion and leave them alone. Anyway, it is a matter for the Bombay Cricket Association to take up. They should appoint a local committee for the purposes of examination, training and coaching of umpires. This should have been done long ago as has been repeatedly suggested in the columns of the "Chronicle." However, this should be done immediately and the list of umpires passed by the local committee should be sent to the Central Committee for acceptance.

STING IN THE TAIL

Then there is a sting in the tail of the appointment of the Umpires Board. It has been suggested that there are plenty of army umpires available for service. This is indeed news to the cricketing public at large. We have not seen or heard of any so far. But if we take the football and hockey umpires as their samples, we would rather have them re-examined by our Board before appointing them for any important match. It is time Bombay's representative on the Board of Control woke up!

INDIAN PRINCE OFFERS TENNIS TROPHY

CALCUTTA.

On behalf of the All-India Lawn Tennis Association Mr. L Brooke Edwards, the Honorary Secretary, has addressed the following letter to all Lawn Tennis playing nations of the world:

"Our President, the Yuvaraja of Pithapuram, wishes to present a trophy for a tennis contest to decide the supremacy in Mixed Doubles. It is a gesture of his interest in the game of tennis and he thus wishes to pay a permament tribute to the game. The trophy is to be called the Pithapuram Cup and all nations will be invited to compete for it.

"The Yuvaraja feels that the Davis Cup establishes the supremacy of a champion nation as far as men are concerned and that the Wightman Cup, if a new contest proposed by Australia is approved, will do the same for women. There is, however, no International Championship to determine the champion Mixed Doubles nation and he has offered a trophy that will satisfy that want.

"It is suggested that the Championship be conested along Davis Cup lines or by holding a competition at a fixed place where leading players of the world, both men and women, are likely to assemble. It is also suggested that it be played directly after the official championships of the country of the holders, the Mixed Doubles Championship taking place after next year's Wimbledon, and the Avenue of the following being determined by the nationality of the holders. We wish to place this suggestion before the next annual general meeting of the I. L. T. A. and to ask your support in the best interest of tennis."

There is an excellent article by Sjt. Mahadev Desai which gives the landmarks in Mahatma Gandhi's career. Mrs. Hansa Mehta in the 'Editorial Chat' dwells on the part played by women in the Civil War in Spain, and says; "Women will fight to defend their country, women will fight to establish the independance of their country, but they will never fight for the self-aggrandisement of their country in any aggressive war". She refers to Chandibibi and Laxmibai of Jhansi and asks the "daughters of India" to remember them.

KHAR ADULT EDUCATION SCHEME

It is very gratifying to note that Khar has followed Vile Parle's lead. Early this week the first lecture under the Khar Adult Education was held in the Laxmi Society's pavilion, when films of an educative character were shown dealing with such themes as blood circulation, uses of milk, steamship lines and some other subjects.

Among the large crowd it was very interesting to see a large number of milkmen and domestic servants who seemed very interested.

This series have proved a success, another show is fixed for to-morrow, which is to be held at the Khar Municipal Market, and a large crowd is expected.

Now that Khar has followed the lead of Vile Parle why should not other centres also do likewise?

BOMBAY: SATURDAY, OCTOBER 17, 1936

A VERITABLE BOMBSHELL

King Leopold has thrown a veritable bombshell which is calculated not to upset but to reduce to debris the whole Franco-British apple-cart of European diplomacy, security and strategy. His determined preference for reversion to Belgium's pre-war policy of neutrality constitutes without doubt a repudiation of every security Pact concluded after the war in relation to Western Europe. It destroys the very foundation on which security in Western Europe was built, and since security in Western Europe is the central factor in the peace of the whole of Europe, King Leopold has thrown the whole of the continent into the melting pot. The reaction in France—and Britain, about which we shall say something later—is not unnatural. The French defensive fortifications, the famous Maginot Lines, were constructed only along the Franco-German border because Belgian alliance was accepted as a postulate. And so was the scheme of military co-operation formulated by the French and British staffs with Belgian participation regarded as a postulate. All this has now been upset as if by an earthquake.

Towards Dictatorship?

Why has the King of the Belgians sought to bring about a complete, indeed, a revolutionary re-orientation of policy? Is it due to a natural fear that in view of Belgium's strategic situation almost in the centre of the Anglo-Franco-German triangle, his country will perforce have to bear the brunt of any possible conflict? If that is so, King Leopold is grievously mistaken in thinking that strict neutrality will save the country. In fact reversion to the pre-war policy will evidently bring the war experiences with more devastating intensity. Nazi Germany is more militarist than Hohenzollern Germany, and, however, thoroughly he may perfect "our military organisation," it can obviously never be strong enough to "meet the new possibilities of rapid invasion." If his suggestions are guided only by a sense of the safety of his country, then he is leading it through these very suggestions to inevitable and unavoidable destruction and devastation. But can it be that the youthful monarch has developed, inspite of democratic professions, some sort of ambitious affection for Nazism or Fascism? There is ill-concealed satisfaction in Rome and Signor Mussolini's joy and condescending approval have been publicly expressed. If King Leopold is, in fact, playing with the idea of dictatorship, we are confident that the people of Belgium will bring his straying ambitions back. We, however, hope that the King's speech, which after all was an expression of his personal opinion, will not be accepted as anything more serious. Indeed, efforts are already being made to explain some of it away.

Britain's Responsibility

But, in the meantime the dangers that arise out of Belgium's possible defection are both grave and obvious, while the bombshell has exposed the disastrous consequences of watching Nazism proceed from menacing strength to more menacing strength. Whether the King of the Belgians has been inspired by love or fear of Nazism, it is due fundamentally to the rapid progress of Herr Hitler and his successfully aggressive assaults on international law and obligation. And the whole blame for it must rest with the British Government. Mr. Anthony Eden talked eloquently and proudly the other day of Britain's attachment "to free institutions." To humour enemies of free institutions does not exactly amount to loyalty to them, on the contrary it helps to threaten them elsewhere as in Belgium now. And this policy of Britain, unless the people of Belgium assert themselves, may well come home to roost, through the desertion of that country. "We are" said Mr. Eden, speaking of re-armament, "engaged upon fulfilling a very considerable programme for the equipment of the Navy, Army and Air Force." But the situation may well aggravate itself two-fold mainly because of British statesmen being also engaged upon fulfilling a very considerable programme for the moral (!) material and aggressional equipment, as it were, of Herr Hitler. The British Frontier may or may not be on "the banks of the Rhine" as Mr. Baldwin once remarked, but the British Government has almost succeeded in attracting the German frontier as near Britain as the Belgian coast.

Towards Peace

We publish on this page a letter by Mr. Lakhmidas Tairsee who, we deeply regret, has not correctly represented the views expressed in these columns yesterday. Mr. Tairsee writes: "I must contradict when you say that the Hindus are asking for their pound of flesh." Our criticism did not refer to the present attitude of the Hindus as expressed by Mr. Mathuradas Vissonji at the Round Table Conference convened by the Home Member, but to the attitude adopted by them during the earlier stages of the negotiations and the controversy as will be clear from the following passage from our yesterday's article:

> "The Hindus, too, are not above reproach. They could have sensibly contributed to the achievement of peace, if—during the earlier stages of the negotiations and the controversy—instead of yielding to a desire to enjoy complacent gratification derived from a sense of their legal contractual rights they had given encouragement and hope to at least the reasonable section of Muslims. That was not to be. The pound of flesh mentality prevailed over considerations of peace and patriotism."

The attitude to which expression was given by Mr. Mathurdas Vissonji regarding adjustment of the times of prayer and singing of bhajans is eminently reasonable and so was also the communique issued by the Government. If sufficient time had been allowed to elapse after the publication of both these statement and the construction of the Sabha Mandap had not been commenced on Thursday, they would, we have not the sightest doubt, have helped to bring about a satisfactory settlement of the dispute and the disorders in the city would not have broken out. However, it is no use crying over spilt milk. The immediate task is to restore peace and we welcome the initiative taken by the Police Commissioner in summoning a Peace Conference at his office yesterday and the appeal issued over the joint signatures of prominent Hindu and Muslim citizens. The joint statement says that at the Conference held yesterday at Mr. Mathurdas Vissonji's office "a free and frank discussion took place which, it is hoped, will lead to a satisfactory result" and we trust there will be ready response to the appeal of the signatories to their Hindu and Muslim brethren "to preserve the fair name of the city by maintaining peaceful and harmonious relations with one another which will go a long way to help us in our effort to find a satisfactory settlement." We trust also that the signatories themselves will realize their own duty and come to a speedy agreement. The heart of the citizens, both Hindu and Muslim, is sound. The mischief is wrought by the rowdy and fanatical element who indulge in the despicable crimes of incendiarism and cowardly stabbing of innocent passers-by. Stern measures must be adopted to put down these elements. We are glad that the authorities have enforced all the measures, except the calling in of the military, that were necessary. As we write, information comes that the Curfew Order is having its effect. But there can be no Curfew Order during day time and we still think that before the unruly sections of the population have time to assert themselves, military must be called in, for it was obvious on Thursday and Friday that, gallantly as the Police force strove to restore order, the situation was beyond their control.

LATE DR. SUNDERLAND

His Last Message To India

To The Editor of "The Chronicle"

Sir,—It is with profound sorrow that we have to announce the death of Dr. Jaber T. Sunderland, India's greatest friend in America, on Thursday, August 13, 1936, in Ann Arbor, Michigan, at the home of his son, Prof. Edson R. Sunderland of the University of Michigan Law School.

Dr. Sunderland was the author of more than twenty books several of them being on India, and his two well-known works were "India in Bondage" and "Eminent Americans India Should Know." He was more than 96 years old and was still writing and had just completed a series of articles for the "Modern Review" of Calcutta, India.

Soon after the publication of his famous book, "India in Bondage: Her right to freedom," it was suppressed in India by the British Government as seditious. Dr. Sunderland was a well-known author and lecturer in America and India. He had been famous as a writer on religious and other subjects and this charge of sedition against his book had created great sensation in India. This case also attracted international attention including protests from some of the American intellectual leaders. The book was later published in New York by Louis Copel & Co. and had a wide circulation and had been rightly acclaimed as the most authoritative book on India.

We believe the most important contribution to India has been made by Dr. Sunderland in the field of Indian political literature. He will be long remembered as a historian, who has given us a real, authentic history of our own country—more valuable to us who are accustomed learn our history written by the British Conquerors. This Monumental Work will be his living memory and will be acclaimed by liberty-lovers in all lands for ages to come. His selfless services to India will immortalize him in the hearts of the Indian people.

The India Independence Central Committee of Detroit received the following communication from Mrs. Homer E. Safford, daughter of Venerable Dr. Sunderland, in reply to the Committee's telegram:

"The family of Dr. Sunderland wish to express their deep appreciation for your kind message of sympathy at the time of his death and for the beautiful flowers that had an honoured place at his funeral.

"Shortly before his death Dr. Sunderland dictated this message:

'As my last message to India I send my love'."

The Committee will appreciate if you will kindly give publicity to the above few lines in your paper.—Yours, etc.,

JAMIL AKHTAR,
Executive Secretary,
India Independence Committee.

"The Tragedy Happens"

To The Editor of "The Chronicle"

Sir,—I was pained and distressed to read your leader of this morning. Just at present I have no desire to open up graves—let the dead past bury its dead—but I must contradict when you say that the Hindus are asking for their pound of flesh. This is incorrect, to the knowledge of every one who has followed the question. Contrast what you say with the leader of the "Times" this morning—both writing on the same facts.

If you had followed Sheth Mathuradas' statement you will see that the Hindus were willing to accommodate their brethren. Have the Muslims reciprocated the said feeling? If they had there would have been peace and no riots. But I am afraid the saner Muslim elements have been collared by fanatic elements and unless the saner elements free themselves, they will be dragged lower and lower. Just now I want to say nothing more, and for good reasons.—Yours, etc.,

OUR LONDON LETTER

Labour And Rearmament

Executive's Resolution Means Surrender To National Government

(From Our Own Correspondent)

LONDON, Oct. 7.
(By Air Mail).

English fishermen are in a happy mood because they expect the herring season, which begins today, will prove a lucrative one for one of Britain's "depressed industries". The political fishermen from Downing-Street are also in the best of moods. At Margate the Conservative leaders—and they are practically the British Cabinet—received support from the rank and file for their rearmament programme. Yesterday, the Labour Party Conference at Edinburgh, for all practical reasons, gave a similar decision. But yesterday's Labour debate has revealed the dissensions and contradictions on the basic issues of rearmament between the leading members of the Executive. It ended in such a confusion that an adjournment of the vote, moved by Mr. Ernest Bevin, on the ground that the whole issue had been thrown into extreme confusion by the statements of different executive members, was only defeated by 271 to 264.

Ideals Thrown Overboard

Mr. Hugh Dalton, who moved the resolution on behalf of the executive, said that a Labour Government would have had to rearm in the present circumstances. But he overlooked the fact that in the present circumstances there is not a Labour Government. And in the name of bluntness and frankness Dr. Dalton spun a lot, duly supported by Mr. Arthur Henderson who attempted to assure the delegates that the resolution did not mean that Labour members of Parliament had "any intention of going into the voting lobbies, with the National Government". However, Mr. Henderson did not say whether the Opposition would refrain from opposing. Thus at Edinburgh, the Executive has succeeded in doing exactly what the spokesmen of the National Government desired them to do in the course of their speeches at Margate. Mr. Ernest Bevin, Dr. Hugh Dalton and Mr. Arthur Henderson have now tied the Labour movement to a Government which, in their own words, "has nearly killed the League of Nations". Of course this throwing overboard of Labour's cherished ideals was accompanied with a smoke-cloud of glittering adjectival abuse of the National Government though the smoke-cloud means nothing.

Protagonists' Arguments

The protagonists of the Labour leaders' yesterday's speeches have attempted to suggest, not in a convincing manner, that two lines of thought contributed to the acceptance by the Edinburgh Conference of the rearmament resolution of Dr. Dalton. It had its clear origin in the unprecedented pace and magnitude of Fascist rearmament and in the practical demonstration of Fascist aggression afforded by the history of the last five years. We are reminded of the warning of Dr. Dalton who said that it was Fascist aggression which had created an entirely different international situation to that which existed in the days of the last Labour Government. On the other hand, those who supported the views of Mr. Attlee that the resolution did not mean a support for the Government's rearmament programme argued that the resolution meant a re-affirmation of Labour's international policy, of its belief in collective security, and of its willingness to drop or lift the level of British armaments in accordance with the requirements of that system. Whatever may be these minor arguments the fact emerges that the Labour Executive resolution marched Labour off the ground the Government most feared; that is the fundamental difference in principle between, Labour and the National Government. As one critic points out this morning the Labour leaders have posed the question as of being merely a "weak" a "hesitant," a "dilatory" foreign policy of Baldwin and Company and by doing so they have turned men's attention to the fatal and foredoomed task of strengthening that "weak" policy. They have not posed the question truly that collective security and the National Government are irreconcilable and cannot exist together in the jungle world of fascism. And like the Scots at Dunbar, they have surrendered the battle ground which would have brought victory, the battle-ground of principle. And of what avail is all the empty abuse when the prospects of a Labour Government is thus deliberately thrust into cold storage?

Variegated Opposition

The opposition was variegated and represented many conflicting lines of opinion. Mr. Lansbury said that Fascism should be met by reason: Lord Arnold wanted more coercive powers removed from the League of Nations, and Dr. Salter proclaimed superiority of spiritual over material weapons. Of course a clearer line of opposition to the basic issue raised by the resolution was expressed by a number of delegates one of whom answered Dr. Dalton. He felt that the learned doctor had sidetracked the real issue of opposition to the National Government's rearmament programme and that the decisive question was not armaments but the control of armaments.

Workers' Reply To Mosley

That Labour is in a confused mind was again proved on Sunday last when the Fascists had attempted to parade in the East End of London. The Labour leaders had exhorted the working class population to stay indoors and not to show their strength to the Fascists by organising a counter-demonstration. However, the Independent Labour Party, duly supported by the Communist Party, organised a counter demonstration in the East End and virtually defeated Sir Oswald Mosley's "triumphant March" through that locality. The Black Shirts received a severe check by Sunday's events. It has been shown to Sir Oswald Mosley that the overwhelming mass of the people are not only hostile to Fascism but are prepared actively to fight it.

The "Daily Herald" which had advised the people to stay away from the Fascist demonstration was very interesting on Sunday's events. Just as Herbert Morrison and other Labour leaders at Edinburgh blamed the Home Sec-

FRANKLY SPEAKING

INEXCUSABLE DILATORINESS

It is difficult to appreciate Lord Plymouth's refusal to call a meeting of the Non-Intervention Committee immediately. The question of British and French fleets watching the Portuguese coasts may not be "a proper matter for discussion" but there are other very proper and very urgent matters which demand immediate discussion. Portugal while denying the Russian allegations has accepted in principle that a commission be sent to Portugal provided similar commissions are sent to Spanish ports. This proviso is obviously a mere counterblast to the Russian allegations. But even the conditional acceptance of a Commission by Portugal ought to constitute sufficient ground for calling a meeting of the Committee—that is to say, if the Non-Intervention Committee, or rather its leading spirits, realise that if it is to justify itself at all it must act at once. But do they want the Committee to justify itself?

TIMELY WARNING

We have no hesitation in characterising the anti-Indian movement, which is gathering force in Ceylon as misconceived and mischievous. Apart from the outburst of individuals—not all of them in good style—even the State Council of Ceylon was lately ill-advised enough to pass a resolution recommending the repatriation of Indians from that island. It is pertinent to note here that Ceylon owes a large share of her present prosperity to Indian labour and Indian enterprise. Thus the present agitation against Indians is as graceless as it is ungrateful. It is to be hoped, therefore, that the very opportune and very necessary statement which has been now issued over the signature of 30 members of the Legislative Assembly belonging to all parties, will have the desired salutary effect on the Ceylonese leaders. The statement very properly reminds the anti-Indian agitators that the weapons advocated by them are two-edged, and that India, too, has in her power to retaliate in the same spirit. The path to peace and prosperity lies through mutual goodwill, and our Sinhalese brethren can seek their own welfare without necessarily ruining the million of Indians who have settled in Ceylon. The sooner such an exhibition of the Fascist-Nazi mentality ceases, the better it will be.

GOVT.'S RESPONSIBILITY

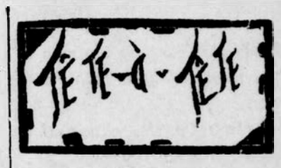
There can hardly be even a bureaucratic justification for the Government's refusal to accept short notice questions regarding the health of Mr. Subhas Bose. On the previous occasion when similar questions were asked the Treasury Benches could only give some evasive replies, though the Home Member had to admit his condition was "not normal." But public anxiety has meanwhile grown as a result of several reports of the worsening of Mr. Bose's condition. Two well-known doctors have seen him and are stated to have declared that his state of health is far from being satisfactory. This is not surprising as Mr. Bose has been suffering seriously for the last several years and the Government re-arrested him on his return from Europe knowing well he had not yet recouped his health. Petty restrictions have been put on him and he is not allowed full facilities for getting proper treatment. In such circumstances, by keeping him in detention the Government are undertaking a heavy responsibility.

GROUNDLESS OPTIMISM.

A note of optimism characterizes the report of the Bombay Municipal Commissioner for the past year which has just been published. In certain respects this optimistic outlook may be justified but we are afraid the Commissioner has not cared to reveal the other side of the picture. Economic conditions, we are told, "improved slowly but steadily" but the reference is evidently to higher dividends for Big Business and brighter trade prospects for a few financiers. The economic condition of the working class population has definitely been deteriorating, unemployment among the local population generally as well as among the educated classes is on the increase and wages have shown a uniformly downward trend. Then, again, the Commissioner seems happy at the idea that the year recorded a surplus for the Corporation but makes no mention of the civic welfare schemes which were starved to ensure this surplus. Thanks to the Standing Committee, even a modest proposal for the provision of some allowance to niggardly-paid Municipal employees was turned down. Out of this surplus of about eleven lakhs much could have been done towards slum-clearance, provision of a poor house to rid the city of the beggar nuisance and the provision of maternity homes and "creches" for the working class families in the city. With so many similar civic amenities unprovided we can hardly compliment the Corporation or the Commissioner on hoarding a surplus.

HEALTH AND EDUCATION.

Primary education in the city, according to the Commissioner's report, made some progress during last year. There was an increase of 7 in the number of municipal schools and classes and of over three thousand in the number of pupils. There are, however, still thousands of children of school-going age who are not at school and the educational authorities of the Corporation must redouble their efforts to establish universal free primary education in Bombay. As for the health of the city we do not know how the Commissioner thinks it is improving. With an increase in the birth-rate there is a corresponding increase in the death-rate, too, and the reports itself refers to several epidemics which raged in the city. And 14 out-patient dispensaries in a city of over ten lakhs population can hardly he regarded as a sufficient or satisfactory number! Ten building boom which the report specially mentions as indicative of prosperity would have been some consolation if we were not aware of the appalling housing conditions in the slums of the city.



WITHOUT COMMENT—

"Replying to Mr. Ayyangar's question Sir N. N. Sircar said: Government feel that the question of the League Covenant is a matter whereon they cannot usefully attempt to make constructive suggestions. An intimation to this effect has been conveyed to His Majesty's Government."

The rumour, however, that this is due to the prejudices and apprehension on the part of members is, we trust, as incorrect as the rumour that Mr. Ali Bahadur Khan himself carried out a boycott of it.

Govt.'s Relief Measures Fall Far Short

SURVEY OF DROUGHT IN POONA DISTRICT

Immediate Declaration Of Famine In Affected Areas And Remission Urged

(FROM OUR CORRESPONDENT).

POONA: October 16.

"The relief measures adopted by the Government in Poona District fall far short of the true requirements of the drought-stricken people. It should not be taken to mean to be one of the stock-objections against the Government.

Surprising Statement

Bue we wonder how the Finance Member could declare in the Legislative Council that, no more help seems necessary than what has been already offered. The recent rains appear to have relieved the strain of the drought, while the actual state reveals the contrary facts. Moreover, some places had to suffer the loss of the latter crops of the last year too.

Detailed Survey

From the detailed analysis of the individual Talukas it would be clear what part was and is affected and what reliefs they require from the public and the Government in the form of remission, Takavi, grazing facilities, and the like. It is high time to help the needy people with seeds, fodder, clothes, etc."

Thus observes the Poona Citizens' Relief Committee's Report covering a survey of the drought conditions and requirements of the eight Talukas in Poona District.

On the 17th of September last the leading citizens of Poona organised a committee, under the presidentship of Mr. N. C. Kelkar, to offer possible help to the people and the cattle in the distressed part of the District. In pursuance of the aims of the Poona District Famine Relief Mandal, the propaganda sub-committee with Mr. D. N. Shikhare as its President, resolved to examine the situation and obtain the first hand information.

Accordingly the Sarvajanic Sabha, Poona, the Poona District Congress Committee, Shree Govardhan Sanstha, Poona, which have voluntarily offered their co-operation to the Mandal sent their representatives to tour round the whole District. Messrs. D. N. Shikhare, S. V. Bapat, R. K. Khadilkar, B. M. Gupte, S. K. Bhave (one of the Secretaries of the Mandal), S. G. Ranade, S. S. Dole V. R. Shiralkar, etc., visited several places, and personally examined the condition of the crops, the cattle, the water scarcity, and the drought condition in general.

OFFICIAL'S INDIFFERENCE.

The representatives discussed with the local leaders, the cultivators, the non-officials and the officials the situation of the places. It is a pity that some of the officials were so reluctant to talk that they behaved just like unconcerned persons. The representatives are very sorry to observe that if the public were to feel diffident of such officials, they would not be wrong. Again, if the reluctance be a forced one, it would mean a vexation to the public, as the information is valuable to the public and would save a good deal of their time and labour.

PLIGHT OF CATTLE.

The condition of the cattle is very pitiable. Had not Shree Govardhan Sanstha of Wai-Poona-Bombay undertaken the relief work of sheltering the deserted cattle sent from outside viz., Karmala, Satara District, Sholapur, Temburani, and other places, and re-distributing them among the well-to-do farmers of the Poona District, Bhor State, Kulaba District, even before the formation of the mandal, it would have been a hard lot to them. Representatives have come across with such peculiar desertion cases where the owner had to leave his flock of 60 cattle at his host's door at night and actually run away in shame without taking leave, due to his inability to support them.

UNSOWN FIELDS.

Out of eight talukas only Maval taluka is free from the havoc. In Junnar Taluka out of 163 villages fields in 60 are not even sown though their main crop is Khariff ones, fields in 50 were sown but due to failure of the latter showers the crops were devastated. Under these circumstances the cattle were sent out of the taluka. The water scarcity can be gauged from the following; in Sambargaon only 3 wells out of 200 had some quantity of water. In Rajuri all the 1,600 wells were found dry. Fodder is scarce. The recent throwing open of some of the forests free for grazing purposes is not sufficient to solve the problem satisfactorily.

OFFICIAL IN A TEMPER.

The Local Board has opened some famine works; but only a few take advantage of the measure due to the lowest scale of wages at 0-1-6 per head, and the distance of the site of work from the locality. In Khed Taluka, too, the villages of Sakhargaon, Devgaon, Nirgudsar, Loni, and others have not even sown their fields. The Government and the Local Board have sanctioned some amounts for Takavi loans of fodder and grain seeds etc. It is reported that the official representative insisted upon the Board to distribute the loans through the village officials alone. The Body desired to distribute them through its members, this difference of opinion was sufficient to annoy the official and leave the meeting in a temper. These officials, the Representatives find, are so indifferent to the public that they are not even prepared to supply the true information of public interest to any person, even of good status.

Maval Taluka, is the only taluka where the state is satisfactory.

INADEQUATE RELIEF.

In Haveli Taluka, though the Government have opened 4 depots for grass and kadabi and distributed cash for seeds, yet the help appears below the mark. Half of the Taluka requires water supply both for men and cattle. The amounts for this purpose too, have been insufficient.

In Shirur, Taluka, at the break of the season almost the whole of the taluka got showers measuring ½ to 1 inch. These showers deceived the cultivators who sowed their fields. The staple crops of Bajra, Mug, Udid etc. are lost for want of later rains. This Taluka is a Kharif tract, and the Rabi crops form the secondary ones. Last year too, the cultivators had to sustain the loss of the last crops and this year their main crops. These circumstances are sufficient in their opinion, to prove the necessity of help for seed, fodder, and the like.

The cattle desertion case above referred to, is from this Taluka.

IS IT A SHOW OF HELP?

The Government have arranged for the supply of fodder at some places. If the Depots are increased, the poor cultivators can take advantage of whatever little they are allowed. At present the relief centres are so distant that the troubles to get fodder sufficient for a week, outweigh the relief itself. If matters were to continue in this way, the public will not be wrong if they classify it as a case of show of help.

The Taluka really deserves remissions and other relief.

START FAMINE WORKS.

In Purandhar Taluka out of 92 villages only 25 appear to be free from the famine havoc. It is understood that this taluka gets a share of Rs. 7,000 from the Government for takavi purposes. Every needy peasant will get about Rs. 8 to 10. The amounts of the allotment to each cultivator, is not sufficient to attract applicants for help. The representatives desire to suggest that the relief works—a bridge and a tank near the village would be a better substitute for takavi and would increase the water supply and the fertility of the soil in the locality.

BHIMTHADI NEEDS MORE FODDER.

Bhimthadi Taluka, had 62214 heads of cattle in 1934. The Government have opened fodder centres at Supa, Paravadi and Dhond. The stacks contain only, it is understood, 16,000 to 17,000, "kadabi" pullies and grass. This quantity, in comparison to the number of cattle, appears insufficient. The Government have controlled the export of fodder from the District, and have left open the forest-grazing plots at single assessment, and the Irrigation Department too, has arranged the supply of water to raise fodder crops at concession rate of Re. 1, just like in Nagar District. In spite of all these arrangements it would be better if the Government reinforce the supply of fodder and seeds on large scale and at more centres.

EXORBITANT INTEREST.

Indapur Taluka gets, it is learnt, Rs. 7,000 from the Government and Rs. 11,000 from the Societies for takavi loan. The villages of Hingangaon, Taradgaon, Babulgaon, Sugaon, Kandalgaon, Limbgaon, Gulamwadi, Avsari, Bhandgaon, etc. are some of the places where the famine is acutely felt. The moneylenders are very alert to advance loans at a very exorbitant rate of interest of even 150 per cent. Such is their hard lot. Thus Poona District is nearly as badly affected as the, Nagar District.

IMMEDIATE DEMANDS.

The conclusions of the survey are in short as follows.

The latter rains have not relieved the cultivators as may be led to suppose. They require immediate help at least for 4 to 6 months to come.

Srirur, Indapur, Junnar, Khed, and Purandhar Talukas are still dry and heavily distressed.

The sanctioned takavi and the depots opened are quite inadequate.

The public workers ought to induce to move the cultivators to apply for whatever short relief is available from the Government.

The Government must open famine works and deepen the old wells or sink new ones.

The cultivators do require the help of seed grains.

Along with seeds many poor farmers need even necessary clothes, food grains, etc.

DECLARE FAMINE.

Despite the statement of the Finance member in the Council the Government would do well to declare "famine" in those parts where the Kharif crops are the main crops, and have failed. An early announcement will relieve the cultivators from the anxiety of the revenue payments. The civil court decrees etc. should also be suspended for one year more.

FRENCH NOTE TO BELGIUM

Pointed Questions Regarding Obligations Will Be Asked

PARIS, Oct. 15.

It is understood that the French note to be presented to Belgium will ask the Belgian Government for its conception of Neutrality and put other pointed questions regarding Belgium's obligations and other matters.

The note will enquire what repercussions the new policy will have on the accord between the French and Belgian general staffs and also question Belgium on her attitude towards the League Covenant.—Reuter.

NO WITHDRAWING FROM LEAGUE

BRUSSELS, Oct. 15.

In the absence of Official Comment on the King's speech, well-informed quarters point out that there is no question of Belgium not recognising her international engagements and, consequently, she does not envisage withdrawing from the League. The problem facing the Government is to determine to what extent Belgium, by signing the new Western European Pact, will go beyond the engagements already made with the league.

Diplomatic circles are of the opinion that if Belgium does not enter the new Western Pact, she is still bound by her obligations to the League and, consequently, is not thinking of repudiating the principle of collective security.—Reuter.

HUGE AMERICAN GOLD STOCKS

WASHINGTON, Oct. 16.

American gold stocks now are the highest in the country's history, the actual holdings in mid-October exceeding 11,000,000,000 Dollars.

Commenting on this huge total, Mr. Henry Morgenthau Secretary of the Treasury, said that gold transactions under the Tripartite Gold Agreement would be regarded as part of the stabilization fund operations and they would be kept secret, but might eventually be revealed in the daily treasury statement.

The Secretary of the Treasury remarked that he regarded the 2,00,000,000 dollars of gold originally set aside from the stabilisation fund as ample for all operations under the Currency Pact.—Reuter.

It is stated that the accused submitted documents and claimed two lakhs of rupees from the State alleged to have been lent to the late Mir.

The police after investigation have unearthed the alleged conspiracy.—United Press.

FLYING BOATS FOR FAR EASTERN AIR FORCE

LONDON, Oct. 16.

The flying boats left this morning for Bordeaux.—Reuter.

A message of October 12 stated:—

(A squadron of five flying boats, which has been temporarily serving in the Middle East for the past year, will leave Pembroke dock on October 14 for Singapore via Bordeaux, Marseilles, Malta, Abcukir, Lake Habanlyah, Basra, Rassalkhaimah, Karachi, Allahabad, Calcutta and Mergui, a total of 8,000 miles.

ASSEMBLY SESSION ENDS.

SIMLA, Oct. 16.

The Assembly session concluded to-day after a brief sitting. The attendance was thin. The President asked Mr. Mohanlal Saxena if he had any further particulars about his adjournment motion over the suspension of Patwaris in Aligarh District owing to their attending an election meeting.

Mr. Saxena informed the President that no further particulars were yet available.

Dr. Ziauddin said that he ascertained through 'phone that the Patwaris were suspended as they absented themselves from duty.

OUT OF ORDER.

The President held that the motion was out of order, pointing out that in the absence of any authentic information beyond the newspaper report, the Home Member's statement that these men were suspended not for attending an election meeting but because of dereliction of duty appeared to him to be correct.

The House considered in good humour the Bill providing for the better administration of the Durgah of Khwaja Sahib, a Muslim Shrine near Ajmer, and owing to previous arrangement among the Muslim members, the numerous amendments formally moved without speeches were adopted and the Bill was finally passed amidst acclamation.

The President adjourned the Assemby 'sine die'.—A. P.

RIOTERS TAKE TO LOOTING: POLICE OPEN FIRE AGAIN

(Continued from page 1)

Military may be called upon to assist the City Police.

Deputy Commissioner Butler, Uren and Reynolds toured round most of the affected areas until a late hour in the night supervising the enforcement of the Curfew Order and taking a hand in quelling stone-throwing and assaults, particularly at Kamatipura and Dongri.

POLICE OPEN FIRE AGAIN

Situation Under Control

At about 11-30 in the night, a Muslim who was stabbed by some unknown persons, was found lying outside the Saitan Chowki at De-Lisle Road and was removed to the K. E. M. Hospital.

In Maharbowrie a shop was broken into and looted, while a book-depot, a moveable tea-shop and another at Kandewadi were also similarly broken into by the rowdy elements among the Hindus. The police, who were out patrolling at the time, arrested two persons with property in their hands alleged to have been looted from the shops and also prevented incendiarism.

Three hand-carts belonging to Mahomedan hawkers were set fire to and the carts were destroyed.

AT KAMATIPURA.

At Kamatipura, there was considerable stone-throwing and there were assaults on the part of the combatants of both communities. The police resorted to firing on two occasions and it is believed that 3 persons were injured and one killed.

At the junction of the Mahomed Ali Road and the Crawford Market, at about 9-30 in the night, a turbulent crowd composed of Muslims rushed out pelting stones at Hindu pedestrians and the police who repeatedly warned the miscreants resorted to firing, injuring one man. Four rounds of ammunition were fired.

IN PRINCESS STREET SECTION.

One Muslim was assaulted by Hindus at Girgaum. A crackers shop at Thakurdwar, belonging to a Bohra, was broken into, and the contents of the shop were strewn on the road.

Two persons, of them a Mahomedan fakir who was brandishing a lathi challenging any one to attack him, were taken into custody for alleged breach of the Order promulgated by the Commissioner of Police, prohibiting the carrying of any weapons or lathis.

An offence of murder was registered against an unknown culprit who is stated to have stabbed a Hindu at Girgaum.

After 5 p.m., there were no incidents in this section and all was quiet, except that late at night some excitement was caused in the Sonapur gully, when the dead bodies of Muslims were brought in a procession for burial.

IN MAHARBOWRIE SECTION

An attempt was made to set fire to a shop owned by a Muslim in the Girgaum Back Road. An empty package case filled with inflammable material was seized by the Maharbowrie Police, just as the culprits were about to light it, which was to be placed in such a position as to set fire to the shop.

LAMINGTON ROAD SECTION

Nothing untoward had so far happened in this section and here everything was peaceful, except for occasional excitement, which was insignificant.

The curfew order was enforced through all the areas placed under the scope of the order, with thoroughness and rigidity by the police. While police officers patrolled the area in cars individually, police-lorries containing armed constables moved about at intervals. Every person was challenged and thoroughly searched. All the shops and restaurants which were kept open formerly till midnight were ordered to be closed by the police.

The City Police had complete control of the situation throughout the night.

NAGPADA SECTION.

Unruly crowds at Falkland Road necessitated the opening of fire by a police sergeant on Friday night, at about 8-30. The members of the crowd resorted to throwing stones from two sides and when revolver shots were fired, the crowd dispersed. Late in the night, comparative quiet prevailed owing to the enforcement of the Curfew Order.

All the affected localities in the area were calm during the night.

The Romance Of Words

Academy

The word "academy", now applied to a number of institutions for higher learning, originally referred to one specific school of philosophy—that of Plato. It was so described because the place where Plato met his students was a garden near Athens, founded by a Greek named Academos.

The wider application of the modern word is seen in the title of the English "Royal Academy of the Arts," which was founded in 1768, by George III for the establishment of an art school and the annual exhibition of living artists' works. Earlier still, in 1685, the French Academy was formed to act as a guide to literary taste and a control over the French language.

were passing along the Carnac Road near the Crawford Market were stoned and were treated at the G. T. Hospital.

On the Mahomedali Road a Hindu was stabbed and a Muslim was stabbed at Islampura at about 12 noon.

At Mangalwadi, it appears a Hindu mistaking another Hindu for a Muslim stabbed him and the victim was removed to the J. J. Hospital.

Broke Open Temple

At Khoja Mohalla, it is reported some Muslims broke open a Temple and before they could disturb the idol, the police arrived and dispersed the crowd. It is further reported that some Hindus tried to set fire to a Mosque in the same locality.

A Muslim tea shop was set fire to in the early hours of this morning near Noorbaug, Dongri, stone throwing and flinging of soda water bottles were much in evidence in this locality and stones which are on the road meant for the purpose of building came in handy for the mob. Since the trouble was found to be getting out of hand, five rounds were fired by the police.

A Gurkha was stabbed at the jail and was removed to the J. J. Hospital at about 11 a.m. in an unconscious condition. Three other Hindus were stabbed in the same locality a little earlier.

It is understood that the Gurkha watchman, made certain grave allegations against certain Ambulance corps which the Dongri police have recorded.

Railway Police Help.

In the Agripada section this morning there were a couple of stray assaults on the De Lisle Road. The De Lisle Road towards the Byculla Station was a scene of stone throwing and soda water flinging between rival groups and the road just in front of the Railway station is strewn with stones and soda-water bottles.

The Railway police were seen helping the city police to bring the situation under control. Rival groups were seen collecting at the two corners of the street with the police seated just about in the centre.

Deputy-Inspector Winton, who was touring Agripada locality arrested in all ten persons, two of them Pathans, on a charge of possessing knives and stone throwing, this morning.

Calm At The Bridge

There was a complete calm prevailing at the origin of trouble—the Byculla Temple and Mosque. The Friday prayers passed off peacefully and the Muslims, who were searched before they entered the Mosque, formed a procession and went to-wards Madanpura raising shouts of "Alla-ho-Akbar."

Sir Suleman Cassam Mitha, Sir Currimbhoy Ebrahim, Mr. Husseinbhoy Laljee and others were present at the Byculla Mosque, when the prayers were over. They appealed to their Muslim brethren not to get excited and assured them that they would get justice.

They informed a "Chronicle" representative that they have been touring some of the affected localities and appealing to the Muslims not to create trouble.

Mr. Oscar H. Brown Presidency Magistrate also toured some of the affected localities.

There is an exodus from Bombay both of Hindu and Muslim residents. Many of the Muslims in the Kamatipura area have vacated and others are expected to do so very soon with the help of the police. In the same way the Hindus in the Muslim localities are being helped to remove from these places.

260 CASUALTIES IN 2 DAYS

At about two p.m. there was great excitement near Pydhonie. The Grant Road tram running from Crawford Market is the dividing line between the Hindu and the Muslim localities and crowds of both communities collected on either side of the road and began abusing each other. Since the Police Station was near by, no actual trouble took place.

In the panic created by the Hindu and Muslim crowds near Parsi Statue a man was run over and killed by a car this noon. The Nagpada police are making enquiries and the car has not yet been traced.

The total number of injured since the trouble started yesterday morning is 260 and the number of killed is 17. Hindus being ten and Muslim seven.

To-day's casualties at the time of going to press number over 90.

FILM FARE FOR THE WEEK

"Anthony Adverse" At Regal—"His Brother's Wife" At Central—"Lady Consents" At Pathe—"Everything Is Thunder" At Excelsior—"Jailbreak" At Opera—Chaplin In "Modern Times" At Capitol

"Anthony Adverse" with Frederick March at the Regal from this week.

'ANTHONY ADVERSE' WEEK'S BIGGEST SENSATION OF THE SCREEN

At The Regal

"Anthony Adverse" is the last word in magnificent screen entertainment. This truly anxiously awaited Warner Bros. production is going to have its local premiere at the Regal Theatre to-day and it will hold audiences in a spell of breathless suspense as reel after reel unfolded the vivid story of Hervey Allen's monumental literary classic. The picture shows the romantic adventures of Anthony Adverse through five countries, across the seas and over three continents. For mammoth sets for colourful and picturesque backgrounds, for dynamic action, for the unusual characterizations of its tremendous cast from Fredric March, the star, down to the smallest bit players, for the glamour of its romance, its human interest and sheer unadulterated entertainment, this picture is unsurpassed. Warner Bros. have again accomplished the apparently impossible. It has a tremendous cast, with ninety eight speaking parts and 2,500 bit players and extras. But all this, while full of colour, is but the background for a drama of humna life. Its loves and hates its hopes and its disappointments: its desires and its passions; its vain and futile struttings and its vast achievements. Fredric March has given the screen some wonderful portrayals in the past, but never has he risen to the heights of dramatic fire as in the title role of this picture. His Anthony is a living, breathtaking person, stepping out of a book into real life on the screen. He is ably supported by Olivia de Havilland, who came to screen prominence with her work in "A Midsummer Night's Dream" and "Captain Blood." This is Miss de Havilland's first great emotional role and she rises to it with true artistry. Other loves of Anthony are found in the characterizations portrayed by Steffi Duna, a fiery half caste with whom he lives in his African slave mart and gale Sonderguard, a voluptuous and passionate housekeeper. Both give unusually fine interpretations. Edmund Gwenn, the famous English actor, gives a wonderful portrayal of John Bonnyfeather, the grandfather of Anthony, who sells his daughter into a loveless match for the price of a title. Anita Louise has never appeared more beautiful, nor has she ever given a better performance than as the daughter who, married to a Spanish grandee, refuses to give up her handsome Irish army officer.

Claude Rains gives an excellent portrayal of the grandee of Spain as does Louis Hayward as the young Irish lover.

The members of the cast are too numerous to mention in their entirety, but among those of special prominence who do exceptional work are Billy Mauch, Donald Woods, Henry O'Neill, Pedro De Cordoba and George E. Stone. Two operatic sequences staged by Natale Carossio, add to the beauty and magnificence of the picture. Original music that fits not only the scenes, but the moods of the scenes, was written for the production by Erich Wolfgang Korngold. Special tribute must be paid to the direction of Mervyn Le Roy, and the screen play by Sheridan Gibney.

"Les Mierables" the popular French epic to be revived at Pathe.

"LADY CONSENTS"

At Pathe

Smart and sophisticated urban drama, "The Lady Consents" at Pathe Cinema, is preponderately humorous, but is effectively touched with deeper dramatic moments.

Co-starring Ann Harding and Herbert Marshall, who are supported by a brilliant cast, the film is based on a novel variation of the love triangle in an intimately modern setting. Action is brisk and entertaining, lines by Anthony Veiller are true to character, and the story by P. J. Wolfson is virile and smart.

Miss Harding finds one of her best roles as the wife who allows a cunning woman to lure away the husband to whom she is devoted. A society physician who is married to Ann Harding, Herbett Marshall, gives a splendid portrayal of a man who succumbs to the blandishments of a designing woman. Margaret Lindsay displays a wide versatility in her interpretation of the unscrupulous girl who doesn't hesitate to break up a happy marriage to further her own ends.

The battle between Miss Harding for the man she loves and Miss Lindsay for the things which he can give her, presents a gripping plot.

Walter Abel, Edward Ellis, Hobart Cavanaugh and Ilka Chase complete the cast, one of the best assembled for a movie drama. Ilka Chase stands out as a gossipy society girl whose wagging tongue is more poisonous than a snakebite

The sets are exceptionally attractive and director Stephen R. Roberts has cleverly used a home setting to reflect the characters of his two women principals.

"Jailbreak" at the Opera from Saturday—Starring June Travis.

"HIS BROTHER'S WIFE"

At The Central

It was peculiarly fortunate that when Metro-Goldwyn-Mayer determined to produce the picture called "His Brother's Wife, W. S. Van Dyke was available to direct it.

The picture opened at the Central Theatre to-night with Hollywood's most romantic team, Barbara Stanwyck and Robert Taylor, heading a remarkable fine cast.

Van Dyke of course, is a veteran not only of the camera but of jungle adventure, and "His Brother's Wife" is a drama of the tropic wilderness, Van Dyke has resorted to his indelible memory of the steaming interior to produce an effect of realism that is truly astounding.

Robert Taylor, right now the screen's most popular young star of the masculine ranks, has a daring role that he portrays with the daring it demands. He appears as a scientific explorer who falls in love with a beautiful red-headed girl on his last fling in civilization.

His brother urges the boy to forget the girl and carry on with his expedition. He agrees and in her rebellion, the girl marries the brother. Returning from the jungle the fever-haunted explorer finds himself in love with his brother's wife.

It would not be justice to reveal the climax but you may be assured that Taylor takes the girl back into the jungle with him. And there, in a desperate struggle against the mysterious forces of nature, he saves her life and wins her love. Barbara Stanwyck gives a delightful performance. Jean Hersholt, as the veteran adventurer, is essentially himself, and another outstanding portrayal of villain is offered by the suave Joseph Calleia.

CHAPLIN RETURNS IN 'MODERN TIMES'

At The Capitol

After an absence of almost five years, the one and only Charlie Chaplin returned to the screen and his long awaited comedy "Modern Times" which ran for 7 weeks at this theatre for capacity house is being revived in response to public demand from to-day. Time has not altered his genius. Charlie Chaplin is still the world's funniest comedian. For more pretentions than any of his previous pictures, "Modern Times" is also definitely Chaplin's funniest and the audience laugh from start to finish. Written, directed and produced by the star, "Modern Times" introduces the familiar serio-comic little figure of the tramp in the baggy trousers derby and huge shoes into a new world. He is first seen as a worker in a big steel factory tightening bolts on a moving track. The factory with its fantastically huge and complicated machines, is like an evilly enchanted forest to Charlie, and he gets into all sorts of hilarious difficulties here before the monotony of his work, "gets" him and he goes temporarily balmy. Thereafter, his life is a series of adventures and misadvantures in the course of which he wanders into and out of jobs (ranging from night watchman to singing waiter) and jail with an admirable impartiality and manages along the way to play knight errant to a lovely little gamin of waterfront. This role introduces Charlie's beautiful and gifted new leading lady, Paulette Goddard, who brings a fresh radiant young personality to the screen and looks like real star material to this reviewer. "Modern Times" offers a generous supply of the most novel and hilarious situations Chaplin has ever concocted. One of the highlights of the film is the scene in which Charlie does an unusual routine in pantomime a big steel factory, tightening bolts in a waterfront cafe to the tune of "Titina." In this scene which is the only one in the film which was shot directly in sound, Chaplin adapts his own "musical language" to films in a highly original and interesting way and the result is one of the funniest sequences ever flashed on a screen. In addition, Chaplin also wrote the music and cut the film. The picture is released through United Artists.

"His Brother's Wife" with Barbara Stanwyck and Robert Taylor this week at the Central.

"EVERYTHING IS THUNDER"

At The Excelsior

Especial interest attaches to this latest Gaumont-British production in that it presents Constance Bennett in her first British picture. Let us say at once that Miss Bennett is at her provocative best, and has rarely been seen to better advantage than in this warm and human study of a street girl who at long last comes to know the stimulating fires of a real love, and who risks her own life in befriending an avowed enemy of her own beloved Fatherland.

The story is unusually credible and appealing, seeing that it deals with a somewhat familiar theme. It tells of a British officer who escapes from a German prison camp during the Great War, and is befriended by a Berlin street girl. Here is all the suspense and drama of the hunter and the harried with ever the menace of the German espionage department intervening between the utterly convincing love which springs up between this curiously ill-assorted pair. Time and again it seems that the hero must be caught out, yet fortune is on the side of the lovers, and although the climax sees them rounded up by the relentless German detective, the latter proves both an altruist and a sportsman in giving up his own life for the sake of the woman he himself has learned to care for.

It will be deduced that the melodrama has at once sex and sentiment, and these have been most faithfully recorded in terms of appealing incident which rings amazingly true. One readily credits the eternal passion of the hunted officer for the street waif who at first cajoles him for a casual night, only to learn that here is the passion of a lifetime, what time one is thrilled at their vorious escapes from the German menace, and sympathises with their desperate schemings to reach the greatly desired harbour of the Dutch frontier.

Especial mention should be made of the thrilling opening scenes of the hero's escape, and of the general level of excellence of the settings, atmosphere and all-round technique. The picture, inded, is one which should bring further prestige to British production standards.

JUNGLE SERIAL AT THE PLAZA

"Queen Of The Jungle"

Never before in a single screen attraction has there been shown a greater variety of wild animals than in "Queen of the Jungle" an amazing Jungle Serial which is shown at the Plaza (Tilak Bridge, Dadar) this week.

Lions, tigers, leopards, elephants, giraffes, crocodiles and many other animals are shown in this remarkable picture, all performing their remarkable roles with startling realism.

Reed Howes and Mary Kornman play the leading roles in this picture. The former, a handsome screen dare-devil, portrays the role of a young American adventurer seeking a legendary radium mine in the heart of Africa. Miss Kornman has appeared in a series of youthful Metro-Goldwyn-Mayer comedies, and is one of the most talented young leading women of the screen to-day. It is a brand new miracle wild animal spectacle. It begins where "Trader Horn" left off. A beautiful white girl rules a thousand savage blacks—her only weapon a whip!

REASONABLE SCHEME

High Court Allows Cement Merger

Judgment was delivered by Mr. Justice Rangnekar at the High Court in the petition made by the Katni Cement and Industrial Company Ltd. asking for the Court's sanction to a scheme of arrangement by way of reorganisation of rights of the several classes of its shareholders under Section 153 of the Indian Company's Act.

The object of the scheme is to provide for a fair and equitable distribution of the assets of the Company among the shareholders in the event of the Company being wound up after its amalgamation under a scheme of merger of most of the cement companies of India into one company called the Associated Cement Company of India.

The object of the cement merger scheme is to consolidate the cement industry of India by eliminating competition between various companies and providing for organised manufacture and sale of cement.

PETITION OPPOSED

Some of the deferred shareholders had opposed the present petition on the ground that it was misconceived and incompetent. It was argued on their behalf that the scheme in reality involved the sale and undertaking of the Company to the Cement Merger, and that could only be done under Section 215.

It was further contended that the scheme involved the winding up of the Company and therefore the Court had no jurisdiction to sanction it under Section 153. Further, it was submitted that no provision had been made in the scheme to safeguard the interest of the dissentient shareholders.

JUDGMENT

In the course of his judgment His Lordship observed that it was well established that the Court had the power to sanction the scheme under Section 153 although the scheme might involve the winding up of the Company. His Lordship did not agree that the scheme was not reasonable. Unless the resolution was sanctioned, it was clear that the merger scheme could not be put through. He could not see how, if the scheme failed, the Company could be able to carry on its business by itself in the light of experience during its early stages, and in the face of the competition it would have to face with other cement companies.

His Lordship further observed that the directors of the Company had acted with meticulous honesty and had taken the shareholders into confidence by putting before them the fullest information about the scheme. Having regard to the fact that a large majority of shareholders were in favour of the merger, His Lordship thought that the scheme was beneficial to the shareholders. He, therefore, sanctioned the scheme.

MAHIM NEEDS TAXI STAND

Jhabvala Invites Residents' Suggestions For Site

Mr. S. H. Jhabvala, Hon. Gen. Secretary of the B. T. D. Union in a Press communication states that the following appeal of the residents of Mahim unsigned by any individual sending the same, has been received.

He would have gladly replied direct had there been name and address of the writers given. But in the absence of the same he is compelled to trouble the Press by stating that there are two Taxi Stands, one at Lady Jamshedji Road and the other at Mahim Bazar Road. At certain times especially during the Muslim and Hindu festive days some taxis halt there; but commonly they do not as practically no custom is found from experience.

However, Mr. Jhabvala assures the residents of Mahim that if a particular place be pointed out where a Taxi stand could be located with reasonable custom found, he would be glad on behalf of the Union to make all possible arrangement for the stand required in the interest of the residents of Mahim.

Residents' Appeal

The Appeal runs thus:—

"We the several residents of Mahim bring to your notice the following few lines which we hope will receive your due attention and the requirements of the residents of Mahim will soon be fulfilled.

"There is no taxi stand at any place in Mahim and if at any time a taxi is required we are unable to get one and hence are compelled to engage private cars which are about 50 in number in Mahim for our purposes. We feel that if this is properly detected the persons using their cars as private taxis are likely to be penalised and that according to the recent publication even the persons engaging such taxis are liable to prosecution and this situation is very grave in view of the fact that there can be no meter taxis.

"Under the circumstances it is incumbent on the Union to ask for a taxi stand at several prominent places at Mahim which we are sure will benefit the members of the Union."

" Residents of Mahim."

NATIONALISTS TO MEET IN DELHI

SIMLA, Oct. 16.

Under instructions from Pandit Malaviya, Mr. M. S. Aney, General Secretary of the Congress Nationalist Party, has called a meeting of the Working Committee at "Birla House," New Delhi, on Monday October 19, to consider the forthcoming elections and the Party's campaign.—United Press.

LABOUR AND REARMAMENT

(Continued from page 6).

retary, Sir John Simon, for not stopping this provocation of the Fascists, the "Daily Herald" has attacked Simple Simon for not following the advice of the Mayors of the East End to ban the Fascist procession. Now that the workers have demonstrated against Fascists, the 'Herald' is jubilant that Mosley would not venture another demonstration in the East End.

Question Of Communist Affiliation

Well, still more disagreements amongst the Labour Leaders would be visible this afternoon when the question of the affiliation of the Communist Party would come up for discussions. The Conference will also be faced with the situation of avoiding a split in the Labour Movement over the Co-operative Party's refusal to affiliate itself to the London Labour Party.

I shall deal with this in my next letter.

A MESSAGE TO THOSE WHO ARE TOO OLD AT *FORTY!*

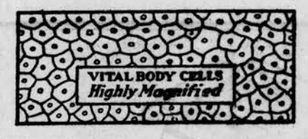
YOUR HEART IS WEAK BECAUSE YOUR ARTERIES ARE BEING STRANGLED

Your trouble is
HIGH BLOOD PRESSURE
and it is robbing you of YOUTH, VIGOUR and LIFE

FORTY has been described as being the "Summer-time of Maturity." But at Forty thousands of men and women face Premature Old Age. All the ambitions, the vigour, the joys of life have left them. Neither work nor play holds any interest. Why should this be? The cause of the trouble is easy to locate. There is no need to look any further than the heart. That organ has become weak. Being weak it fails to do its job properly. Its job is to pump life-giving blood to every part of the body to renew and re-invigorate 24 thousand million body cells.

What is Weakening Your Heart?

If you can imagine *thousands of miles* of tubing called Arteries through which the Heart has to pump 8 tons of blood every day, you will gain some idea of the Heart's task during life. At Forty, lime salts deposits in the Arteries cause them to narrow and lose their elasticity. The normal flow of blood being restricted, the Heart is forced to pump harder. Eventually this leads to Heart Weakness and Heart Failure.



The Whole Body Suffers.

As the duty of the blood is to renew and re-invigorate the vital body cells, it naturally follows that if the cells are deprived of proper nourishment, both body and brain must suffer. You become "*Too Old at Forty*," a tragic spectacle.

'Phyllosan' Tablets for New Vigour and New Youth.

The chief constituent of 'Phyllosan' Tablets is a vegetable extract described by eminent scientists as being "The Most Wonderful Substance in our World." This substance takes the carbon, nitrogen, salts, and water absorbed by the plants and under the influence of sunlight TRANSFORMS THIS INTO LIVING MATERIAL STORED WITH VITAL ENERGY. Dr. Buergi, M.D., of Berne University, Switzerland, under whose personal supervision 'Phyllosan' Tablets are prepared, spent ten years' critical research before he succeeded in isolating this wonderful substance without detriment to its vitalizing power.

'PHYLLOSAN' TABLETS INCREASE ALL YOUR PHYSICAL AND VITAL FORCES IRRESPECTIVE OF AGE.

One of the penalties of Premature Old Age is loss of physical force and vigour. Often it is the first sign. When 'Phyllosan' Tablets are taken they *renew the entire blood-stream within 14 days.* 'Phyllosan' Tablets clear away the lime salts deposits that are strangling the arteries, fortify the Heart and renew and revitalize every body cell.

Rapid Results.

'Phyllosan' Tablets act quickly. Here's a typical case as published in the "Swiss Medical Weekly." A man 51 years of age suffered with severe blood pressure. All popular treatments failed. But after ONE MONTH of 'Phyllosan' Tablets the blood pressure dropped to near normal and heart symptoms, difficult breathing and giddiness vanished entirely.

Important Statement.

'Phyllosan' Tablets are perfectly harmless and can be taken by the youngest and most delicate persons with complete confidence. 'Phyllosan' Tablets contain neither drugs nor glands nor animal extracts and in their preparation are untouched by hand throughout.

SHARES.

After several weeks of dullness the Stock Market developed a buoyant tone during the period under report, and there was a sharp rise in prices particularly in steels. There was a general orgy of buying following news from Europe that the re-armament programme was being carried out with full force in all the European States, causing a great strain on the visible supply of iron and steel and other such products. It is reported that factories are working at full speed everywhere and orders are in hand for 6 to 12 months supply. Tata Iron and Steel shares advanced sharply, Deferreds rising from Rs. 726/4 to Rs. 780 and Ordys. from Rs. 186-8 to Rs. 195-8. Tata 2nd Pref. also advanced 1 point to Rs. 173-8. Bombay Burmahs were also well sought after and the price advanced to Rs. 527/8 but on the declaration of a dividend of Rs. 12/8 however, which was a little lower than market expectation, the price receded to Rs. 526/14 at the close. The company, however, is reported to have done good business during the past few months owing to better demand for timber at higher prices. The cotton mill shares, which had been neglected and looked easier, also firmed up with a fair turnover. Bombay Dyeings improved from Rs. 664-4 to Rs. 679-6: New Greats from Rs. 125 to Rs. 130; Centurys from Rs. 126-4 to Rs. 132-8 and Kohinoors from Rs. 224-6 to Rs. 228-2. Bank shares also improved fractionally, but Cement group was almost neglected. Imperial Bank fully paids gained about 10 points and Contributories about 4 points. Bundis closed at Rs. 35-10: Katni Ordys. at Rs. 345 and Shahabads at Rs. 484-6. Belapurs advanced sharply on bear covering from Rs. 195 to Rs. 209-6.

Heavy Liquidation And Hedging

FOREIGN AND TRADE BUYING

Cotton Textiles Firm

BOMBAY, Oct. 16.

On Thursday the New York cotton futures market opened steady. There was heavy hedge selling through spot houses and co-operatives against last purchases of spot cotton on the previous day which caused reaction after early advance which was based on steadier Liverpool advices and active trade and foreign buying. In view of active domestic consumption and further good sales of textiles, sentiment was generally constructive but buyers were cautious owing to the weight of hedging. Then there was general selling and the market was barely steady.

Heavy liquidation of October cotton depressed that month severely, while absence of buying power resulted in reaction in the Chicago market despite continued bullishness of the world wheat situation which was later emphasised by Swedish decree prohibiting export of wheats. Wall Street was not cheerful with reactionary tendency in late dealings under profit taking and professional selling.

PRICE MOVEMENT.

The market opened at a rise of 7 points with March 12.08 which was the highest level. Later on under increased selling prices declined 13 points from the highest level and the market closed at a net decline of 6 to 3 points. Spot cotton prices declined 4 points at 12.41c. per lb.

NEW ORLEANS MARKET.

The New Orleans cotton market was quiet and closed at a decline of 4 points. Spot cotton prices declined 4 points at 12.38c.

LIVERPOOL COTTON

The Liverpool cotton futures market opened unchanged with March 6.74. There was moderate trade and speculative buying which met with light hedging and local selling in sympathy with Egyptian advices. Trade calling was balanced by hedging and business was chiefly professional. The market closed at a decline of 2 to 3 points. Middling American spot cotton prices closed unchanged at 6.99d.

INDIAN COTTON.

East Indian cotton futures market was quiet and closed at a decline of 2 points. At the close October was quoted 5.47, January 5.45 and March 5.45.

EGYPTIAN COTTON.

Under increased realising the Egyptian cotton market was quiet. Sakels futures declined 11 to 13 points and Uppers lost 6 points.

ALEXANDRIA MARKET.

There was scattered selling in the Alexandria cotton market which resulted in decline of 15 to 12 points in Sakels. Ashmouni futures were quiet and closed 14 to 13 points lower.

Impressive Buying In Steels

New High Levels Reached

Market Becoming Over-Enthusiastic

BOMBAY, October 16.

There was less disposition to commence trading owing to disturbances in the City, but at last the Share Bazar opened at about 12-15 p.m. and closed at 1 p.m.

During this small session there was active trading and Tata Steel shares were pushed up to new high levels. Defds. opened at Rs. 770 and with scattered realising prices declined to Rs. 768 and with renewed active buying prices jumped upto Rs. 790. At this level there was some realising and prices reacted to Rs. 883 but towards the close there was extensive buying and prices suddenly rose to Rs. 798 and ordinary shares were done at Rs. 798.

The rise in Steel shares also imparted better feeling in other sections which also ruled very steady with a moderate turnover. The undertone of the market was very steady.

The rise is becoming too rapid and it will attract selling of actual scrips. Thus it will be advisable to secure profits on strong markets as the market is becoming enthusiastic and is entitled to sharp reaction.

N. Y. COTTON MARKET

New York, Oct. 16.

Somewhat better activity was staged to-day by the New York cotton market owing to less favourable weather and satisfactory foreign advices coupled with the steadiness of the undertone. At the higher level however there appeared some hedge selling but this did not materialise as the buying Power was strong.

Trading started in March option at 11.97 i.e. 2 points higher than previous closing. After trading for some time at this level prices gradually showed an upward tendency which was checked by some selling pressure but prices again rose to 12.04 on better outside support.

New York cotton finally closed at 12.05 with a rise of 10 points for March-deliery.

I WAS REALLY AMAZED AT THE RESULTS

"I always knew Quaker Oats was a beneficial food but I was truly surprised at the great good it did for my boys."

SAYS A. M. BAHDURJI, PRINCIPAL, ANJUMAN-I-ISLAM HIGH SCHOOL, BOMBAY

School Test Shows Remarkable Value of Quaker Oats

A recent feeding test conducted at the Anjuman-I-Islam High School, Hornby Road, Bombay, proved conclusively the great nourishing value of Quaker Oats.

Thirty-two boys between the ages of 12 and 18 were selected and given a dish of Quaker Oats porridge daily after the morning session, and a Quaker Oats drink following the afternoon lessons. The duration of the test was 30 days. The boys were weighed at the beginning and at the conclusion. The test was carried out under the supervision of the school medical officer and the boys weighed in his presence. The final check showed a total gain for all boys of 122 lbs., *or an average of 3 lbs.*

Photograph shows part of the group of 32 boys who, during this Quaker Oats feeding test, gained an average of 3 lbs. 13 ozs. Individual gains up to 9 lbs. were recorded. The pupils showed improvement in class work, too, as the test progressed.

1¾ ozs. per boy. Some boys gained as much as 8 to 9 pounds while not a single student failed to gain something.

Quaker Oats is indeed a wonderful health food. Rich in Vitamin B and many other properties of nature it offsets nervousness, curbs constipation, builds bone and muscle; relieves fatigue, nourishes and invigorates. Make Quaker Oats a part of the daily diet of every member of your family. All will benefit by its goodness. Now available in Quick Cooking form. Cooks in 2½ minutes from the time the water boils. Saves time and fuel.

Syed Nezamuddin, age 14 years, gained 9 lbs. Mahomed Harun, age 11 years, gained 6 1-2 lbs.

BOYS ALL ENTHUSIASTIC

At the end of the test, Mr. Haji Hasham Haji Ibrahim, Secretary of the School, said: "The boys are all very fit since the test and have shown great enthusiasm in their sports and great deliberation in their studies. They greatly enjoyed their Quaker Oats, and it was common to see them asking for second helpings."

Curfew Order Proclaimed In City

Pitched Battles Result In Police Opening Fire

RIOT CLAIMS HEAVY TOLL OF LIFE

FRIDAY: 6 P.M.

Pitched battles in the streets, stone-throwing, stabbings, incendiarism and attacks on tram-cars were the features of the riots on Friday in the City.

The Police were compelled to open fire for dispersing crowds at Dongri, Kamatipura, Dana-Bunder and Chakla St. area; but the casualties were few. One man was killed. The firing, however, proved effective in dispersing the crowds.

Muslim families in Hindu localities are being evacuated under Police protection as also Hindu families in Muslim localities.

Curfew Promulgated

The Military have not as yet been requisitioned. About 5,000 Policemen are handling the situation and Police from the Districts are being drafted into the City.

An order has been promulgated by the Chief Presidency Magistrate, prohibiting the gathering of five or more persons on the roads.

The Chief Presidency Magistrate has also issued a Curfew Order to-night and if the situation does not improve, the aid of the Military is likely to be sought.

Casualties Mount Up

The casualty-list mounted up and by about 6 p.m. it was reported that 7 were killed and 110 injured. The total for the two days thus records 21 dead and over 260 injured.

Search For Peace

Leaders of both communities again met at the Police Commissioners and the search for an amicable solution of the Sabha-Mandap dispute, which has grown into a staggering tragedy, was continued. From the Commissioner's Office they repaired to the office of Mr. Mathradas Vissanji and continued the peace-talks.

PITCHED BATTLES WITH BRICK-BATS

Police Rush To Scene And Open Fire On Rioters

BOMBAY: Friday, 6 p.m.

Pitched battles between groups of Hindus and Muslims started from 3 o'clock at Dana Bunder, Bagri Moholla and Chakla, when stones and soda-water bottles were hurled by both sides.

The police who rushed to the scene opened fire. It is reported that one Hindu died of bullet wounds.

Stone-throwing is still proceeding in Dongri Street, Masjid Bunder and Kalbadevi Road.

Near Pydhonie, at about 3-30 p.m. groups of Hindus and Muslims gathered on either side of the tram lines and began throwing brick-bats.

STABBING AT MASJID BUNDER

At Masjid Bunder Road, two Hindus were stabbed at 4 o'clock and removed to the J.J. Hospital in a serious condition.

Firing was resorted to in Madanpura at 2 p.m. after a Muslim mob created trouble. Three persons were injured by bullets. Forty-one arrests had been made by 2 p.m.

TROUBLE SPREADS TO GIRGAUM

At about 3-30 p.m. a Mahomedan was stabbed on the Girgaum Road and admitted in the J. J. Hospital in a serious condition.

Another Mahomedan was stabbed at Falkland Road at 4 o'clock.

Stone-throwing has been going round and about the Round Temple.

A tram-conductor was hit on Mahomed Ali Road due to stone-throwing by the Mahomedans at tram cars.

7 Killed, 110 Injured

There is comparatve quiet at Byculla, though there are sporadic attacks in Kamatipura.

The total number of casualties to-day up to the time of going to press, is 110 injured and seven killed.

To consider the possibility of arriving at some settlement over the Byculla Mosque and Sabha-Mandap dispute, and also to consider the necessity of military arrangement and military patrolling all over the area to-night, a conference of Hindu and Moslem leaders with high Police and Military officials is going on at present at the Police Commissioner's office.

Among those present are: Sir Suleman Cassum Mitha, Sir Rahimtoolah Chinoy, Sir Currimbhoy Ebrahim, Mr. Husseinbhoy Laljee, Mr. Mahomed Suleman Mitha, Mr. Salebhoy Barodawala, Allarakhiya Abba, Khan Bahadur Samad Khan, Seth Mathradas Vissonji, Mr. I. R. Tairsee, Mr. Chandsvarkar, Gordhandas and Sunderdas Morarji, Haridas Madhavdas.

The meeting at the Police Commissioner's Office ended with shouts of, "We Will Have Peace" and the leaders have now proceeded to Mr. Mathradas Vissonjee's Office for further parleys.

A scene at Kamatipura after a serious clash on Frid ay. The road is strewn with stones and glass-pieces.

POLICE USE DECOY

Casualties mounted up in the J. J. Hospital where cases of assault and stabbing numbered 63 by 1 p.m.

In the lanes inhabited by Kamatis and Muslims there was frequent fighting. The Police were obliged to fire nine rounds in 8th and 9th Kamatipura Lane.

When the trouble had subsided somewhat, a number of Muslim families were evacuated under police supervision. Young Kamati boys indulged in stoning and even defied the armed police who were obliged to open fire.

Deputy Commissioners Uren and Taylor accompanied by an armed guard directed the operations in the by-lanes of Sukhlajee Street.

A young man dressed in shorts who was used by the police to decoy stone-throwers displayed great coolness. Pelted with stones from all sides he dodged the missiles with the agility of a ballet dancer.

A Pathan who was using a sling was caught red-handed by the police, and a number of catapults were also seized from rooms nearby. In Dongri the Armed Police were busy chasing stone-throwers and a small shop owned by a Muslim was damaged.

The sight of the terrible injuries inflicted on a young Hindu boy, aged 14 years in Foras Road, proved distressing to onlookers. He had been stabbed from head to foot and his corpse was removed to the morgue in a victoria.

Most of the injured persons are harmless looking individuals caught in the danger zones, and the battering they have been subjected to betrays the communal fury displayed by their attackers.

Muslim leaders assembled in force at the Byculla Bridge Mosque before the faithful dispersed after prayers. Beyond loud shouts of Allah Ho Akbar there was no untoward incident.

Police sepoys have been round all the localities distributing and posting the C.P.M.'s order under section 144.

At 10 p.m. to-night it is expected a modified Curfew Order will be enforced in the storm centres.

After midnight stone throwing, stabbing and incendiarism continued at several places in the city. At Mahomedally Road a Muslim was stabbed by an unknown Hindu.

The assailant made good his escape and the injured Muslim was removed to the G. T. Hospital where it is stated a big clasp-knife was found on his person.

At about 2 a.m. an attempt was made to set fire to a building in Khetwadi Lane but by the prompt arrival of the police, the attempt was frustrated.

The morning dawned with an ugly look in the disturbed parts of the city.

Foras Road, Bellasis Road, (near Alexandra Cinema), Kumbharwada, Kamatipura, Dongri, Umerkhadi and Juma Musjid were the storm centres, where soda water bottles, sticks and knives were very freely used.

Several tramway cars were badly damaged and some passengers were injured

Clash at Dongri.

At about 11 a.m. at Umerkhadi near Dongri Jail a clash took place between parties of Hindus and Muslims. The police were not far off the scene and promptly dispersed the crowds. One Muslim was arrested whom the hooligans tried to save from the hands of the police. They stoned the police and attempted to rush on them. The police thereupon opened fire injuring one Muslim.

Some of the Muslim hooligans made a rush a little before this incident on a Hindu temple in Khoja Street and smashed the door and window panes. The police, however, prevented any further damage by prompt action.

A serious clash occurred in the morning near Two Tanks Road and Round Temple Road. Hindus of the locality mustered strong and the Muslims from the Two Tanks side also thronged in large numbers. They challenged each other by throwing stones and brickbats. The police then arrived and made several arrests.

Pathan With Pistol

Three Pathans were arrested this morning armed with knives. One Pathan had even a toy pistol. Two were arrested at Victoria Road and one near Maruti Temple.

So far no military assistance has been requisitioned but constables and officers of the District Police have been called in to assist the Bombay City Police.

At about 10 a.m. a Muslim was stabbed in Khetwadi 10th Lane. He was removed to the J. J. Hospital.

At Kumbharwada a Muslim was stabbed by some Hindus who escaped after inflicting wounds.

A Muslim was found dead this morning at Kamatipura. His body which had stab wounds was removed to the morgue for inquest.

Fierce Fighting At Byculla

This morning the site at Bellasis Road where tramway cars take a turn near Alexandra Cinema was the scene of fierce fighting between Hindu and Muslim rowdies. Stones and soda bottles were pelted at tramway cars and windows and many parts of the tramway cars were smashed to smithereens.

The police dispersed the crowd but they re-gathered and this time began to pelt stones even at the police. They were however again soon dispersed.

Several passengers in a tram car were injured by the pelting of the stones including one Christian and a Muslim.

One Muslim cyclist was stoned near DeLisle Road but he escaped with slight injuries only.

At about 1 p.m. one Hindu was stabbed near Jumma Musjid.

The work of building the Sabha Mandap has been suspended for the time being.

WORST AREA AT KAMATIPURA

Pitched battles between the Hindu and Muslim mob was the order of the day both at Kamatipura and Round Temple.

The worst locality is the Kamatipura area, especially the corners of 8th, 9th and 10th lanes, where the Police had to open fire several times and several of those who received bullet injuries were removed to the J. J. Hospital.

Since an early hour in the morning Hindu and Muslim groups gathered at street corners at Kamatipura and began hurling stones and soda water bottles at each other. Many must have been injured but it is difficult to give the exact figure in view of many of the injured not going to any of the city hospitals.

The Nagpada police with the help of a large number of armed police have been having a difficult time to cope with the situation at Kamatipura. Deputy Commissioners, U'Ren, Tylor and Rynolds with a couple of armed police are touring three affected streets at Kamatipura.

Put Man on Tramlines

Hindus and Muslims at Kamatipura injured a person and put him on the tramlines, with a view to stop the tram and begin assaulting the passengers. A Tramway Inspector brought this information to the Nagpada Polic Station.

A strong police patrol is going round the area at Kamatipura but the trouble has not in any way subsided. A number of injured persons from this locality are pouring in to the J. J. Hospital.

Hindu Killed In Foras Road

A Hindu was killed outright with stab wounds on the Foras Road at Bachchuset Wadi this morning and was removed to the morgue.

At the Round Temple, the police are finding it a little difficult to control the mobs--on either side of the tramway lines going to Jacob Circle. Several stabbing cases round about this locality have been reported.

A Bania who was passing near about the Jumma Masjid was stabbed in three places this morning at 11 and has been admitted into the G. T. Hospital in a serious condition.

A little later two Hindus were stabbed in a lane off Abdur Rahman Street and removed to the G. T. Hospital, the condition of one of them being serious.
